TO RECEIVE THE NATION'S GUEST

All Arrangements for Prince Henry's Visit Completed at New York.

EXPECTED TO ARRIVE TODAY

President's Delegates To Greet Prince in Name of United States Government.—British Comment.

NEW YORK, Feb. 21.—All preparations have been made for the reception and entertainment of Prince Henry of Prussia, who is expected to arrive tomorrow. The Imperial yacht, Hohenzollern, lies at her pier at the foot of West Thirty-fourth street, awaiting the prince's arrival.

The Marconian apparatus on the Hohenzollern has been tested. Tonight the operator on board will begin to send messages in the effort to locate the prince's ship.

Admiral Evans, General Corbin and Assistant Secretary of State Hill, the president's delegates, will board the Kronprinz Wilhelm, probably at the quarantine station, and will greet Prince Henry in the name of the United States government. All arrangements have been completed for the dinner to be given by the American press in honor of Prince Henry on Tuesday night next.

The special opera performance to be given for the prince, it is believed will be the most brilliant performance in the history of the Metropolitan opera house. On Sunday Prince Henry will visit the tomb of General Grant. The pier at the foot of West Thirty-fourth street, where the prince will land, has been made special sub-police precincts, with two captains eight sergeants ten roundmen 50 mounted police and 100 patrolmen.

The postal telegraph office, with direct wire connection with the German cable, has been established on the dock.

BRITISH PRESS COMMENT.

What London Papers Have to Say on Prince's Visit.

LONDON, Feb. 21.—The Weekly Review makes the impending arrival of Prince Henry at New York the occasion of another chapter on the Spanish-American war controversy.

The Spectator disclaims any intention of attempting to mar the reception to be tendered Prince Henry, but declares that both Englishmen and Americans "see through Germany's game," and refuse to be misled by "attempts to undermine their mutual friendship and understanding."

The Outlook treats the matter lightly. It says that Emperor William now, as in China, "uses Prince Henry as a bait for the German hook." Neither Prince Henry nor his astute brother, the emperor, will ever succeed in wrecking the substantial grounds upon which the Anglo-American operation now rests.

FOR CURE OF CANCER.

Thorough Investigation to Be Made by Prominent British Surgeons.

NEW YORK, Feb. 21.—The official heads of the medical profession of Great Britain are determined to unite for a systematic investigation into the causes, the prevention and the treatment of cancer, according to the London correspondent of the Herald. The king has given countenance to the movement, and it is likely interesting developments will follow shortly.

The councils of the Royal College of Surgeons, and the Royal College of Physicians have adopted a joint resolution empowering delegates to draw a detailed scheme of work.

Sir William Church, Sir William Broadbent and other equally known men met on the committee.

THE WATER CURE

Funston Describes Mode of Torture Practiced on Filipinos.

KANSAS CITY, Feb. 21.—General Frederick Funston, in discussing the "water cure," a form of torture charged against the soldiers in the Philippines, said he had never seen the water cure applied, but he had heard it described.

"The victim is bound and a canteen forced into his mouth," said the general. "His head is thrown upward and back and his nose grasped by the fingers of the torturer. Strangulation follows as a matter of course. When

the victim is about suffocated, the application is released and he is given a chance to talk on recovery or take another dose of it. The operation is brutal beyond a doubt, but hardly fatal.

"The charge which I have just refuted at the request of the war department was most vague. It was made by 'a soldier' and to the effect that he had 'helped administer the water cure to sixteen natives.' That is the kind of rot a soldier is apt to write home when business is dull and he has three or four beers under his jacket to help his imagination. Nothing of the kind ever occurred with the knowledge of the officers or even occurred at all, for that matter."

ENGLISH ELECTION EXPENSES.

NEW YORK, Feb. 21.—A blue book containing particulars of the expenditures of parliamentary candidates at the last election shows that a total of \$2,996,000 was expended.

INSANITY EXPERT DEAD.

NEW YORK, Feb. 21.—Richard Maurice Bucke, superintendent of the Longwood, Ont., asylum, well-known as an insanity expert and as the life long friend and literary executor of Walter Whitman, the poet, is dead, says a Times special from London, Ont. Death was caused by concussion of the brain brought on by a fall on the ice.

NEW YORK SUFFERS

DISAGREEABLE WEATHER IN THE METROPOLIS.

Heavy Fall of The Beautiful During the Day and Far Into The Night.

NEW YORK, Feb. 21.—Snow, followed by rain and sleet, today created in this city and vicinity the most disagreeable weather conditions known in many years. During the early hours of the day a heavy wet snow fell.

Shortly after noon the snow turned into a steady drizzle of rain that continued with intermittent periods of sleet far into the night. Much of the snow left from the recent blizzard was converted into slush and tonight the streets are several inches deep.

SNOW STORM AT WASHINGTON.

National Capitol Cut Off From Communication.

WASHINGTON, Feb. 21.—A severe snow storm struck Washington today and the national capitol is absolutely cut off from telephonic or telegraphic communication north of Baltimore, and is compelled to depend on uncertain wires to Richmond and Atlanta for reaching the country at large.

Aside from some damage to the wires the storm did no injury.

MADE SPURIOUS COIN.

Two Counterfeiters Arrested by San Francisco Authorities.

SAN FRANCISCO, Feb. 21.—Bert Gray and James Meyers, in whose room was found all the paraphernalia necessary for making spurious coin, have been arrested in this city and turned over to the federal authorities.

Gray, who is also known by the name of Wood, is well known to the police. About five years ago with two others he lay in wait on Golden Gate avenue for aged Isidore Goulette. They fell him with a heavy piece of iron and robbed him. Goulette died on the sidewalk. The assassins of Goulette were arrested shortly afterward but Gray was released for turning state's evidence against his partners.

RIOTERS CALMING DOWN.

MADRID, Feb. 21.—Official dispatches received here assert that calm has been restored at Barcelona, Saragossa and Valencia but newspaper telegrams report the situation still serious. In one case at Barcelona the troops escorting the conveyer were obliged to fire on the rioters, several of whom were killed or wounded.

IRISHMEN TO ORGANIZE.

BUTTE, Mont., Feb. 21.—A special to the Miner from Helena says that in obedience to a call from President J. H. Finnerty, of Chicago, of the United Irish League of America, prominent Irish-Americans of Montana will take steps to organize a branch of the league in this state. Much enthusiasm is expressed and a strong adherence to the movement is predicted.

POPULISTS WILL NOT AFFILIATE

The Party in Kansas Decides to Run Its Affairs Alone.

DEMOCRATS TURNED DOWN

Plan of Ex-Congressman Ridgeley For Surrender Defeated—Party Makes No Plans For Future.

TOPEKA, Kas., Feb. 21.—The Populists of Kansas, in session here today, decided late tonight that there would be no affiliation between the Populist and Democratic forces in Kansas this year. A strong faction, led by ex-Congressman Ridgeley, favored absolute surrender to the Democrats, but there was enough of the old-time Populists to defeat this plan.

The meeting was a lively fight throughout. No plans for the future conduct of the party were made, other than that the party would run its own affairs without the assistance of the Democrats.

COUNT REINDICTED.

Name of First Wife Not Mentioned in the Trial.

EL PASO, Tex., Feb. 21.—Count de Lucena, it is said, will get a new trial on the charge of bigamy, for which the jury gave him four years last Saturday.

The indictment on which he was tried was defective, according to the lawyers, because it failed to mention the name of his first wife. The count has been re-indicted by the grand jury.

DELAY NOT EXPLAINED.

Money for Miss Stone's Ransom Was Paid Over Long Ago.

WASHINGTON, Feb. 21.—It is estimated at the state department that 15 days have now elapsed since the money for Miss Stone's ransom was paid over to the agents of the brigands.

At least five days have elapsed beyond the time fixed in the stipulation to place her in the hands of her friends. There is no explanation of the delay.

HONORS AN OLD VETERAN.

FUND DU LAC, Wis., Feb. 21.—General E. S. Bragg, the sole remaining commander of the old iron brigade has just passed his 75th birthday. Telegrams of congratulation were received from Colonel W. H. S. Burgoyne in behalf of the survivors of the army of Northern Virginia who met the iron brigade at Gettysburg, from the Wisconsin delegation in congress; from old comrades in Washington and many others. The Fond du Lac Association marched in a body to the general's residence to render their felicitations.

AN ELABORATE AFFAIR

PRINCE HENRY'S LUNCHEON IN NEW YORK.

Royal Visitor Will Be Given Idea of Possibilities of American Gastronomy.

NEW YORK, Feb. 21.—Of all the entertainment organized in honor of Prince Henry there will be none more elaborate than the luncheon to be given for him at Sherrys on Wednesday next by the representatives of American finance, trade and industry. The moving spirit in the affair is J. Pierpont Morgan. In the way of giving the royal visitor an idea of the possibilities of American gastronomy, it is projected to surpass anything of the kind that has ever taken place here before. The cost of the luncheon will be great, and among the items of expense will be the highly ornate liveries now being made for the entire staff of waiters employed in connection with the entertainment. The prince and his entertainers will be surrounded by servants, who will look as if they had stepped out of a canvas painted in the days of the Georges of England. Each of the servers, smooth-shaven and if impressive countenance will wear, instead of the conventional swallow tail, a black cloth coat, with seven black cloth covered

buttons extending to the waist. A fine piece of black braid runs from the button to the edge of the coat which is without lapels and has a clerical collar. White stock encircles the neck and at the front of the throat is a white satin bow. Under the coat is a white buttonless waistcoat, the bottom coming well down over the waistband of the black plush breeches of full cut, gathered in at the knee with a band which tops a pair of white stockings. Patent leather pumps, with buckles complete the costume. The whole outfit is a complete reproduction of the livery used in England a century ago, but of much finer texture.

THE M'CLELLAN'S PASSENGERS.

NEW YORK, Feb. 21.—The transport McClellan which sails for Manila on Saturday will carry 120 men and 80 women teachers who go out to establish schools in the Philippines.

LEWY GUILTY OF MURDER.

BOISE, Ida., Feb. 21.—A verdict of murder in the first degree was returned at 2 o'clock this morning by the jury in the case of George Lewy, a Frenchman, charged with the murder of Davis Lewy in this city on October 3 last.

RESULT OF PISTOL DUEL

BANK PRESIDENT SERIOUSLY WOUNDED.

Affair Was Result of Bad Feeling Between Two Prominent Kentuckians.

CHICAGO, Feb. 21.—As the result of a pistol duel at Lawrenceburg, Ky., A. H. Witherspoon, president of the First National bank of that city lies seriously wounded at his home and Judge Porter Welker is under official surveillance, awaiting a change in the wounded man's condition.

The trouble, says the Inter-Ocean's Lawrenceburg special, was begun last fall, when Witherspoon came under the hands of the law by recklessly firing his revolver and shooting through some windows. He was arrested and Welker as judge of the police court fined him \$200. Since that time, it is said, bad feeling has existed between the men. Welker had occasion to go to Hawkins grocery store and found Witherspoon there. After he had eaten his luncheon, Welker returned to the store and finding Witherspoon still there, asked him to retract his recent language.

Witherspoon realized that trouble was coming, retreated to the door, where he turned and attempted to draw his revolver. He weapon had caught in his pocket and he was compelled to turn sidewise while using both hands to release it. Mettine Welker seeing Witherspoon reach for his gun drew his own and fired point blank at Witherspoon. The latter ducked and the bullet clipped his ear. Welker then fired again and this time grazed the shoulder of his antagonist. Before Witherspoon could bring his revolver into play, the judge had fired a third shot, which struck Witherspoon in the back below and slightly to the left of the right shoulder. Witherspoon fell to the floor and was removed to his home, where his life is despaired of. Welker gave himself up to the authorities and was released upon his own recognizance. Witherspoon comes of a wealthy family and is a leading business man. His brother, Horace, after killing two men was himself killed by a man named Fortwood.

BATES OPPOSES THE MEASURE

Tennessee Delivers Speech Against the Philippine Tariff Bill.

SPOONER'S STRONG DEFENSE

Appeals To Congress to Stand By Policies of McKinley and Roosevelt—Indian Bill Passed.

WASHINGTON, Feb. 21.—For more than six hours today the senate had the Philippine tariff bill under discussion. Bates, of Tennessee, delivered a carefully prepared speech in opposition to the pending measure. He was followed by Spooner in a brilliant defense of the Republican attitude toward the Philippine islands. He became involved frequently in heated colloquies with members of the minority. He concluded with an appeal to congress to stand by the policies of McKinley and Roosevelt.

Tillman began a characteristic arraignment of the administration in the Philippines, but had not concluded when the senate adjourned.

INDIAN BILL PASSED.

WASHINGTON, Feb. 21.—The house today passed the Indian appropriation bill. No amendments of importance were attached to it today. The latter part of the session was devoted to the consideration of private claims bills, a number of which were passed.

AMERICAN KILLED AT PORT LOT.

Victim of Unprovoked Assault by Natives.

SAN FRANCISCO, Feb. 21.—News has been received of the murder of Rudolph Hanson, an American citizen at Port Lot, on the island of Ponapi in the Caroline group.

He had spent the evening of January 10 on board the brig John D. Spreckels, which was to sail the next day and went ashore late at night. Soon after he was found dying, having evidently been struck on the head with some blunt instrument. It was learned that the assault was provoked by an argument he had with several natives but the slayer had not been apprehended when the Spreckels sailed.

LIST OF OVERDUE

SAN FRANCISCO, Feb. 21.—The list of overdue vessels posted at the Merchant's Exchange is steadily growing. The Red Rock, 85 days out from Fraser river, for London, with salmon, is quoted at 15 per cent reinsurance. The British ship Inchapec Rock is out 35 days from Port Los Angeles for Portland, stands at 15 per cent; and the Earl Cadogan, 34 days out between the same ports, is at the same figure. The French bark Les Adolphes, 129 days out from Madagascar, for Portland, is at 20 per cent, and the French bark Ernest Leguire, 195 days out from Hobart, Tasmania, for Portland, is quoted at 20 per cent. The same figure obtains on the French bark Oliver De Clisson, 165 days out from Cayenne for this port, and there is a rate of 15 per cent quoted on the Yosemite, 75 days out from Tacoma for Callao.
